# INTRODUCTION

Leaderonomics Youth in partnership with ECM Libra Foundation and EPSOM College in Malaysia have provided 79 youths aged between 13-16 years old from all over Malaysia the opportunity to experience the SPARK Leadership Programme which was conducted on 16-23 December 2018 (see attachment for Programme Outline) in EPSOM College in Malaysia.

The objectives of the programme are as follows:

- i. To help participants discover their leadership potential
- ii. To provide essential leadership tools and motivate participants to make a difference in their communities
- iii. To encourage unity by building a deeper understanding between cultures and a sense of appreciation for the multicultural society in Malaysia

To achieve these objectives, we have outlined a few specially designed sessions to achieve the aforementioned objectives. Examples of the sessions are as follows:

### 1. MAD Project

Also known as Make A Difference Challenge, the MAD Challenge was one of the highlights of camp, empowering five teams to create and execute sustainable plans of lasting impact for various community groups. Through this, participants learned how to plan a project, delegate tasks, manage finances, and teamwork. The community groups:

- **Pusat Jagaan Rumah Kebajikan Calvary Land**  
An integrated social care centre that provides shelter for orphans and old folks
- **Pusat Jagaan Pertubuhan Rumah Kebajikan Subadhra**  
A nursing home of underprivileged adult women
- **Mercy Convalescent Nursing Home, Taman South East**  
A nursing home for old folks
- **Mercy Convalescent Nursing Home, Temiang**  
A nursing home for old folks
- **Red Spot Nursing Home**  
A nursing home for the elderly and war veterans.

### 2. Project Management

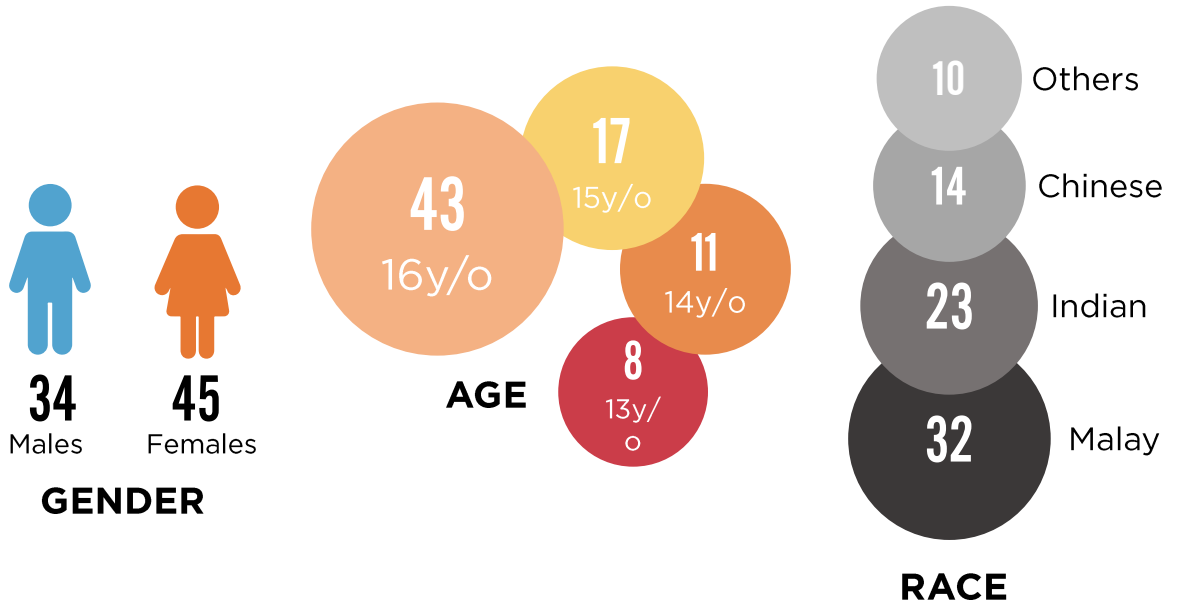

Participants are provided with the necessary tools to plan their project including SMART Goals, progress tracking and basic financial planning and budget reporting.

### 3. SPARK Night

Participants discover the rich cultures and learn to appreciate and embrace the diversity the country has to offer. Participants get to share their unique cultures and experience the differences through sharing and games.

# CAMPER FEEDBACK

**Before camp, I may be a lot of things but being a great leader is never in my dictionary.**

SPARK Camp taught me that along side of being a responsible person you need some passion in life. The facilitators were giving their 100%, helping us, guiding us, mentoring us and the most important thing was nurturing us to become a better person. There is no word in me to thank you enough. Words do not suffice.

Thank you again to everyone involve in making 2018 SPARK Camp a reality! I may have all the money in the world one day but it's not gonna buy me the experience like what I experienced in SPARK Camp!!! Thank you everyone for the nicest trip to the most amazing journey I ever embarked in my life.

# CAMPER FEEDBACK

**Claps and praise for the amazing facilitators that manage to imprint fragments of activities in my fantasy brain.**

Leadership skills. That what the camp was about. I learned more than that. I learned that there are some who is quiet in some ways can actually rock the sky with their own talents; I learned that whatever we are going through now, we are not alone; I learned about stewardship about giving back. Most of all I learn to appreciate.

# CAMPER FEEDBACK

**I am a changed person.** Before joining camp, I don't like to speak English and find it very difficult to speak out in English. After the Spark Leadership camp, I will speak in English and do my best to express myself in English.

**I learned to speak English in public.** Even though I was very nervous on the stage, I continue to try my best. This camp made me more excited to learn the usage of English and mingle with new people and friends.

# CAMPER FEEDBACK

I really do appreciate the people that helped me throughout the camp as they helped me find my strength, personality, confidence, and positivity. The comments that I got from all of the facilitators especially my team's facilitators made me felt appreciated by others and it's great. To leave the camp at the end, got me to thinking that to also be a great facilitators like them where they inspired, motivated and dedicated to help all the campers. I hope that I can do the same for the young people around me and keep on doing it for the future generations.
