## INTERNATIONAL DAY OF WORLD INDIGENOUS PEOPLE

This August 9th, we celebrated International Day of World Indigenous people by raising awareness of indigenous people and sharing stories of Orang Asli with the Mobile School students.

We had a session with the students on the awareness of Orang Asli, their uniqueness, vulnerabilities, reasons of their high drop out rate from school, and also sharing successful stories of Orang Asli to inspire them.

The session was then continued with the story telling of the book- Kami pun ada hak bersekolah, which was donated by Freedom Film Network.

## COMMUNITY CLEAN UP: GOTONG-ROYONG

This month, we organised a community clean in all of the villages and invited the parents to join. This aimed to raise awareness on the cleanliness and hygiene of their surrounding, and also to educate the students on different type of waste, and its proper disposal method.

The students were actively involved in the clean-up and we hope to practice this more frequently to make sure the cleanliness of the village is well maintained.

## SANDWICH MAKING WITH KG. BINJAI, TERALING AND TERUBING 2A

After trying out the sandwich making session with students in Jenit and Bukit Biru last month, we continued with the rest of the Mobile School villages. The sandwich making session was fun and educational at the same time.

The students were very excited to make sandwiches, and all of them were able to follow the instruction well with only minimal guidance. It was a pleasure to see when the students can finally read, and follow instruction.
